FR IT800 / FRSTRETCH BIB PANT

FR STRETCH

Fabric	FR PU on Trevia
Weight	200g/m ²
Fabric Technology	Waterproof
Seam Construction	Microweld
Limited Flame Spread <small>EN533</small>	EN533 Index 1

The FR IT series has been certified to EN533 Index 1 for flame resistance and is commonly used among municipal and provincial employees for outdoor work. The compliance gives adequate protection for employees who do not usually work around flame or ARC flash, but who could be exposed accidentally. This fabric will not melt or drip when exposed to flame.

The garment is completely waterproof and the fabric has an excellent stretch component that allows workers to complete many different tasks in poor weather, without removing the garments.

FR IT products keep workers Dry. Warm. Safe. At Work.
