IMPERTECH™ SAFETY JACKET AND WAIST PANT

Fabric	PU coated Nylon Knit
Weight	170g/m ²
Fabric Technology	Waterproof, tear resistant
Seam Construction	Microwelded™ seams
High Visibility <small>CSA Z96-09</small>	Class 2 Level 2 Compliant for jacket only Class 3 Level 2 Compliant when jacket and pant are worn together.

With more than 125 years experience and feedback from all fields of industry, Helly Hansen is a pioneer in the development of waterproof clothes for work and leisure activities. The IT series is a PU on nylon knit that is lighter, softer and more resistant to the cold. This High Vis product will enhance the safety of the wearer during day or night. This product is ideal for flaggers and anyone working outdoors who need lighter and more flexible rainwear.

The Impertech™ safety jacket and waist pant have Microwelded™ seams that are 100% waterproof. This quality standard will allow the garment to last much longer than the competition, requiring less frequent time away from work to purchase new garments. The jacket and waist pant both feature snap adjustments for tightening legs and arms, while the jacket hood is sized to fit large. This set of products is easily screened with company logos.

The garment passes various visibility standards and will help keep employees Dry. Warm. Safe. At Work.
