R804 / SAFETY STORMSUIT

SAFETY STORMSUIT

with 2 Inch Striping

Fabric	300 Denier Nylon with PVC coating
Weight	*300g/m ² *weight may vary by up to 10%
Fabric Technology	Waterproof
Seam Construction	Taped seams
High Visibility <small>CSA Z96-09</small>	Class 2 Level 2 Compliant for jacket only Class 3 Level 2 Compliant when jacket and bib pant are worn together.
High Visibility Safety Apparat	WCB BC Style 1 Compliant for jacket only WCB BC Type 2 Compliant when jacket and bib pant are worn together BC MOT Compliant when jacket and bib pant are worn together

The Helly safety stormsuit with 2x2" 3M™ Scotchlite™ striping reaches CSA Z96-2009 standards. In addition this product is compliant for roadway use across Canada and is a key piece of equipment in construction zones or where there is need for high visibility. The stormsuit is made of PVC coated nylon and is packable, allowing easy transport to the jobsite. The fabric allows for some abrasion resistance and has proved useful in many different applications.

A removable hood is also a carrying case that allows the garment to be kept close by in case of rain. The jacket features a corduroy collar and a vented chest and back, plus a snap adjustment at the sleeve hem. The bib pant features a Velcro® closing fly and adjustable suspenders.

The R804 allows customers to be Dry. Warm. Safe. At Work.
