- TD104 / SUPERVISOR'S COAT
- TD100 / TOP DECK REGULAR HOOD
- TD101 / TOP DECK HELMET HOOD

Fabric	Double coated PVC on Polyester / Cotton Blend
Weight	450 g/m ²
Fabric Technology	Waterproof
Seam Construction	Microweld
Limited Flame Spread	EN533 Index 1

Helly Hansen product has long been worn for its durability and quality. The TD line of products is made using a double coated PVC on polyester. The product is now being used extensively in food processing, cleaning and manufacturing. Patented Helly Hansen microwelding makes TD series products waterproof and the coating helps provide minimal flame resistance for protection.

TD garments feature non-conductive Marlex snaps in case of exposure to flame or flash but are meant to be worn where there is little potential for accident. TD104 and TD300 can have removable hoods attached while the bib pant features adjustable suspenders for comfort and a side gusset with snap closure. Workers can expect to be Dry. Warm. Safe. At Work, in TD series rainwear.
